10 March 10

## CADET BRIEFINGS & UPDATES

### Old Business:

- \*Encampment Reminders: Spring Encampment info: 16-18 & 23-25 April 2010 / <http://encampment.group22.net>; Summer Encampment info: 10-17 July 2010 / [www.illinoiswingssummerencampment.com](http://www.illinoiswingssummerencampment.com); and Johnson Flight Encampment info: 4-12 June 2010 / [http://jfe.ilwg.cap.gov/Application\\_Procedures.htm](http://jfe.ilwg.cap.gov/Application_Procedures.htm) . Don't forget the March 15th deadline for those wishing to sign up for Cadet Staff and Support Staff.
  - \*Air Zoo: A trip is being planned by the Lincolnway Squadron to the Air Zoo in Kalamazoo, MI for May 1st. The Young Eagles will be there to give cadet flights. The \$25/person cost covers transportation, lunch, and unlimited passes to all the rides. The Air Zoo will also give 2 tours for the museums that day. Information as to how many seniors and how many cadets will attend must be in no later than April 15th, preferably by the end of March. Money should be in by the same time - this allows time to use money deposited in the Wing Banker system, if this is an option. The event is being opened up to everyone in Group 2 and there is no maximum number for this outing. We need to discuss this trip and decide if this is something we would like to do as a squadron. A sign-up sheet for this activity will be passed around at our next meeting. Check your calendars! This trip is definitely worth doing.
  - \*2010 Military Ball: More picture CD's of the Military Ball will be brought to next week's meeting for anyone interested.
- ### New Business:
- \*Squadron Patch: Due to minor variations to the prescribed criteria in the manual concerning the designs allowed to be used as squadron patches, two new versions were made to present to Col Reynoso for approval. Also, an email received by the commander was forwarded to all with two additional versions designed by Capt Dan Wynart. Although he put the wrong charter number on his versions, the two patch designs are worth reviewing. All four versions will be presented at next week's meeting for final review.
  - \*O-Flight Opportunity: Lewis Composite Squadron is scheduled for an O-Flight on Saturday, March 27th. There is an opening for 2 additional cadets. Those participating must be at the Aviation Building at Lewis University by 8:30 am. Anyone interested should speak to DCC Trofimchuk ASAP. ***Notice: Please do not sign up for this if you are not committed to doing it. There are only 2 slots open and we are the first outside squadron who was asked to participate. If you sign up and are chosen, YOU MUST BE THERE! There are a lot of cadets who would love to go on an O-Flight so it will not be hard to find people to fill these slots. If you are a "no show", Thunder may not be offered these opportunities in the future and you would have taken someone else's chance to be there away.***
  - \*Anyone know this week's CAP *Fast Fact* for the day?
